

### REMARKS

Applicants note that claims 1-13 and 18-29 are generic with the exception that Applicants have elected a single oxinoid compound  $AlQ_3$  from those listed in claims 6 and 22 by deleting the other listed oxinoid compounds. Further, Applicants hereby elect species claims 14 and 30, that are directed to a particular first component of the host. Claims 15-17 and 31-33 are hereby withdrawn. Applicants believe they have complied with the election requirements of the Examiner. If there are any problems with this election, Applicants' Attorney would appreciate a telephone call. Upon the allowance of a generic claim, Applicants believe the additional species should be returned to the Specification.
